

Welcome to PHConnect

Introduction to PHConnect Buy-Side – *Supplier Qualification System*

ENGINEERING YOUR SUCCESS.

PHConnect – Supplier Qualification System (SQS)

- Purpose:
 - Parker requires that all suppliers complete the Supplier Qualification System (SQS) on an annual basis
 - Information is used by Parker for risk assessments and new business opportunities across the corporation

Parker Hannifin Corporation has initiated the Supplier Qualification System (SQS) to aid in their risk assessments of the supply base of the entire corporation, provide supplier searches to Parker sourcing teams and use the data for reporting for various government entities.

This system facilitates the annual requirement to have this survey updated.
