ICE MARINE, INC.

South Florida has been touted as the boating capital of the world, boasting more cruising pleasure boats and yachts transiting through or calling home than any other place in the world. For that reason there are an overwhelmingly large number of service companies based in South Florida to help maintain your vessel. With so many service companies out there how do you choose the right one for servicing A/C systems, refrigeration, and watermakers? As with any well maintained vessel you want the most qualified and quality people on board to service your equipment. Ice Marine has been

doing business in South Florida since 2001, servicing everything from small sailing vessels to large mega yachts and now they have a Certified Technician to perform service on your Racor VMT watermaker. Racor VMT Certified Technicians go through factory provided training in order to achieve the knowledge and hands on experience they need to deliver the highest quality service and installation of Racor VMT watermakers and components. When a Certified Technician comes aboard to

service, repair or replace your watermaker you can be assured your equipment is in good hands. Ice Marine is prompt, courteous and professional with personalized service and an honest representation. You can find Ice Marine at www.icemarine.net or they can be reached at 561-586-0707. Racor Village Marine watermakers are the benchmark for quality and with Ice Marine's Certified Technician providing qualified service you can be confident your watermaker will provide a lifetime of service.
