## **Parker Adds Shuster Marine as Distributor of Water Filtration and Reverse Osmosis Equipment**

MODESTO, CA, September 16, 2009 – The Racor Division of Parker Hannifin Corporation, the global leader in motion and control technologies, is pleased to announce that Shuster Corporation of New Bedford, Massachusetts, a Racor Premier Distributor for thirty years, will be representing the Racor Village Marine Tec. line of reverse osmosis watermakers, replacement parts, and accessories in New England.

“Village Marine Tec. is recognized as the leader in on-board marine reverse osmosis systems products and their innovative, engineered systems are currently in use by our customers” said Dan Sullivan, General Manager of Shuster Corp., “the Village Marine Tec. product line will contribute to our sales growth plans as Racor products are widely-accepted in the marine markets we serve.”

Since 1916 Shuster Corporation has been solving problems for manufacturers, distributors and end users from all over the world. Their experienced staff of engineers and technical experts is sought out by customers to provide solutions for everything from the everyday to difficult problems. See their site at [www.shustermarine.com](http://www.shustermarine.com).

With annual sales exceeding \$10 billion, Parker Hannifin is the world's leading diversified manufacturer of motion and control technologies and systems, providing precision-engineered solutions for a wide variety of mobile, industrial and aerospace markets. The company employs approximately 52,000 people in 48 countries around the world. Parker has increased its annual dividends paid to shareholders for 53 consecutive years, among the top five longest-running dividend-increase records in the S&P 500 index. For more information, visit the company's web site at <http://www.parker.com>, or its investor information site at [www.phstock.com](http://www.phstock.com).
